GL Nemhauser, LA Wolsey - 1988 - Wiley-Interscience New York, NY, USA

... Hsiao-Fan Wang , Kuang-Yao Wu, Hybrid genetic algorithm for optimization problems with ... Neal E. Young, K -medians, facility location, and the Chernoff-Wald bound ...

Cited by 3098 - Related Articles - Web Search - Library Search

[A Genetic Algorithm for the Multiple-Choice Integer Program - all 2 versions »](#)

AB Hadj-Alouane, JC Bean - Operations Research, 1997 - JSTOR

... The results of the genetic algorithm also show two im- portant points. ... Real Facility Location Problems Three facility location problem instances are considered ...

Cited by 87 - Related Articles - Web Search - Library Search

[A genetic algorithm approach for multiple criteria facility layout design - all 3 versions »](#)

AA Islier - International Journal of Production Research, 1998 - informaworld.com

... A genetic algorithm approach for multiple criteria facility layout design AA ISLIER ? This paper presents a genetic algorithm-based model for facility layout. ...

Cited by 45 - Related Articles - Web Search

[Study on multi-stage logistic chain network: a spanning tree-based genetic algorithm approach - all 5 versions »](#)

A Syarif, YS Yun, M Gen - Computers & Industrial Engineering, 2002 - Elsevier

... A cross decomposition algorithm for a multi-product multi-type facility location problem ... CC Lo and WH Chang , A multi-objective hybrid genetic algorithm for the ...

Cited by 44 - Related Articles - Web Search

[Comparison of genetic algorithms, random restart and two-opt switching for solving large location- ... - all 5 versions »](#)

CR Houck, JA Jones, MG Kay - Computers and Operations Research, 1996 - Elsevier

... performed by each procedure showed that the genetic algorithm also found ... allocation corresponds to solving a continuous single-facility location problem for ...

Cited by 81 - Related Articles - Web Search

[On the use of genetic algorithms to solve location problems - all 4 versions »](#)

JH Jaramillo, J Bhadury, R Batta - Computers and Operations Research, 2002 - Elsevier

... 8. JE Beasley and PC Chu, A genetic algorithm for the set covering problem. ... 11.

Owen

SM, Daskin MS. Strategic facility location via evolutionary programming. ...

Cited by 61 - Related Articles - Web Search

[A genetic approach to the quadratic assignment problem - all 9 versions »](#)

DM Tate, AE Smith - Computers and Operations Research, 1995 - Elsevier

... Such cost structures arise, for example, in facility location problems, where the cost of ... In this paper, we describe a genetic algorithm (GA) approach to QAP. ...

Cited by 135 - Related Articles - Web Search

[BOOK] Simulated annealing and Boltzmann machines: a stochastic approach to combinatorial optimization and ... - all 2 versions »
E Aarts, J Korst - 1989 - John Wiley & Sons, Inc. New York, NY, USA
[Cited by 712](#) - Related Articles - Web Search - Library Search

Discrete space location-allocation solutions from genetic algorithms
CM Hosage, MF Goodchild - Annals of Operations Research, 1986 - Springer
... Brockus [3] used the third of Wetzel's methods in implementing a genetic algorithm for the ... Consider a facility location problem based on a network of N nodes. ...
[Cited by 49](#) - Related Articles - Web Search

A cross decomposition algorithm for a multiproduct-multipurpose facility location problem - all 2 versions »
CY Lee - Computers and Operations Research, 1993 - portal.acm.org
... A cross decomposition algorithm for a multiproduct-multipurpose facility location problem. Source, Computers and Operations Research ...
